ABOUT KASHMIR GREAT LAKES

The stellar beauty of five alpine lakes lapped in the dreamscape of Kashmir - can you think of a more beautiful combination? Kashmir Great Lakes is a name that sets every trekker's heart racing - and for good reason! The Great Lakes of Kashmir Trek is easily the most beautiful, picture-perfect, postcard-worthy trek we run. The trail of this Himalayan Trekking leads you through Six alpine lakes, each as beautiful as the other. The lakes follow one after the other every day, making each day equally exciting. Remember the rush and excitement of a pass day/summit day? Well, multiply all of that by 5, and you have the Kashmir Great Lakes Trekking - each day a beautiful, new lake to look forward to. What's more interesting is that you get to see these lakes just as they are being fed by the snow-clad mountains. If you are lucky enough, you may even chance upon an occasional iceberg floating across the pristine blues and greens of the lake. The beautiful, albeit distorted reflections of the surrounding mountains on the surface of the lake, is also something to look forward to. Given the arduous, undulating trail, Kashmir Great Lakes Trekking demands commendable fitness.
